Please note

This document provides information about the model range line-up and specifications of the eVito Panel Van. It also contains key details about options, economy and performance of all variants. Details are correct at time of publication and are subject to revision without notice. Any images used in this document may not reflect UK specification and are for illustrative purposes only. Images may show optional equipment which does not form part of UK standard specification. Pricing in this price list applies to 60kWh models only.

The New eVito Summary.

1 vehicle model:	Panel van (2-3 seats)
1 charging configuration:	AC: 11kW/DC: 80kW**
2 vehicle lengths:	L2 or L3
2 trim levels:	PRO or SELECT

All-electric WLTP combined range, full charge

159 - 160 miles

80% charge top-up in just

35 minutes

Class-leading

Safety and Connectivity

eVito PRO

eVito SELECT

Combined WLTP range for the eVito 60kWh Panel Van range in miles (km): 159 (256) - 160 (257). Combined energy consumption in kWh/100 km: 26.4 - 26.5. Combined CO₂ emissions in g/km: 0.

Figures correct as of May 2024. The indicated values were determined according to the prescribed measurement method - Worldwide Harmonised Light Vehicle Test Procedure (WLTP). Battery Electric Vehicles (BEV) require mains electricity for charging, range figures determined with the battery fully charged. Figures shown are for comparability purposes; only compare with other cars tested to the same technical procedure (WLTP). Figures may not reflect real life driving results, which will depend upon a number of factors including the starting charge of the battery, factory-fitted options, accessories fitted (post registration), variations in weather, driving styles and vehicle load. Further information about the test used to establish range, power consumption and CO₂ figures can be found at <http://www.mercedes-benz.co.uk/WLTP>. For real time data visit https://voc.mercedes-benz.com/voc/gb_en. **Charging times are subject to the power available at the location where the vehicle will be charged as well as external factors such as temperature and type of cable and charger used.

Enhanced Safety.

RETURN TO START

The eVito is based on a sophisticated safety concept. Active driving assistance and safety systems offer useful functions to support the driver. A significantly expanded standard range of assistance systems is available.

Active Lane Keeping Assist (JB4)

Protects against unintentional lane departure. If the system's camera detects a lane departure, a corrective steering intervention takes place to guide the vehicle back into the lane. If the driver fails to react and the vehicle crosses the lane markings, an additional haptic warning occurs (pulsed vibration via the steering wheel).

Blind Spot Assist (JA7)

Helps when changing lanes and reversing. If a vehicle is detected, a warning sign in a red triangle appears in the corresponding exterior mirror.

Intelligent Speed Assist (JS2)

Displays the current speed limit in the driver's direct field of vision in the instrument cluster.

ATTENTION ASSIST (JW8)

Can help to avoid momentary nodding off and therefore provides you with increased safety, in particular when driving at night and on long journeys. The system provides you with a visual and audible warning if it identifies typical signs of fatigue or attention lapses, and suggests taking a break.

Active Brake Assist (BA3)

With pedestrian and cyclist detection. The system helps to prevent rear-end collisions. Active Brake Assist can help you to prevent accidents (with vehicles driving in front, with crossing pedestrians or cyclists) or to minimise their consequences.

The eVito Van PRO.

RETURN TO START

Standard features include:

Exterior

- Black-grain bumpers, front and rear
- 17-inch steel wheels
- Adaptive brake lights
- Heated and electrically adjustable door mirrors
- Summer tyres

Interior

- MBUX Multimedia System with 10.25" Touchscreen
- Instrument cluster with 5.5" TFT colour display
- Double co-driver seat (L2 only)
- TEMPMATIC air conditioning
- Heated driver's seat
- Comfort driver's seat
- Adjustable steering wheel, reach and rake
- Multifunction steering wheel
- Comfort over-head control panel

Load area

- Rear 'barn' style doors, 180° opening
- Twin side loading doors
- Full-height steel bulkhead
- TPO plastic flooring
- Side panelling in load area
- Weldnuts in sidewall for conversions

Technology

- AC Type 2 charging, max. 11kW/DC CCS charging, max. 80kW
- Electrical strip for electrical consumables
- 2-way loudspeakers, front
- Smartphone integration package
- Pre-entry climate control

Safety and Driver Assistance Systems

- Reverse camera
- Active Brake Assist with pedestrian detection
- ATTENTION ASSIST
- Headlight assistant
- Tyre pressure monitoring
- Emergency call system
- Airbags, driver and co-driver
- Blind spot assist
- Intelligent speed assist
- Cruise control
- Alarm and double locks

Basic recommended list price (ex.VAT) for the eVito PRO L2

£48,530

▶ **Arrange a test drive at your nearest Dealership**

* Vehicle purchase price is calculated on base vehicle only (excluding any optional equipment), it excludes delivery charges and first registration fee. The grant will be applied after any vehicle discount has been offered and includes VAT and number plate costs. For more information, visit: <https://www.gov.uk/plug-in-car-van-grants>

The eVito Van SELECT.

RETURN TO START

Upgrade from PRO to SELECT to get all of the additional equipment listed below:

Exterior

- 17" Light-alloy wheels, 5-twin spoke design
- Electrically foldable exterior mirrors
- Painted bumpers
- Metallic paint
- Chromed radiator grille

Interior

- Velour floor mats
- Lumbar support for driver's seat
- Leather steering wheel

Safety and Driver Assistance Systems

- Parking package with 360 degree camera

Basic recommended list price (ex.VAT) for the eVito SELECT L2

£51,915

▶ **Arrange a test drive at your nearest Dealership**

* Vehicle purchase price is calculated on base vehicle only (excluding any optional equipment), it excludes delivery charges and first registration fee. The grant will be applied after any vehicle discount has been offered and includes VAT and number plate costs. For more information, visit: <https://www.gov.uk/plug-in-car-van-grants>

List Price Summary.

RETURN TO START

Vehicle Model Description	Powertrain	CO ₂ emissions, WLTP	Basic Recommended Retail Price (Ex. VAT)	Total Recommended Retail Price (Inc. VAT)
eVito Van PRO L2	Battery electric vehicle, 116PS/85kW, FWD, single-speed automatic transmission Electric range 159 miles WLTP combined	0g/km	£48,530.00	£58,236.00
eVito Van PRO L3	Battery electric vehicle, 116PS/85kW, FWD, single-speed automatic transmission Electric range 160 miles WLTP combined	0g/km	£49,250.00	£59,100.00
eVito Van SELECT L2	Battery electric vehicle, 116PS/85kW, FWD, single-speed automatic transmission Electric range 159 miles WLTP combined	0g/km	£51,915.00	£62,298.00

Government OZEV grant of up to £5,000

The eVito is eligible for a Government OZEV grant that gives businesses 35% off the purchase price, up to a maximum of £5,000*.

Carbon Neutral Production

All Mercedes-Benz Vans and Cars, including the eVito, will benefit from carbon-neutral production starting from January 2022.

* Vehicle purchase price is calculated on base vehicle only (excluding any optional equipment), it excludes delivery charges and first registration fee. The grant will be applied after any vehicle discount has been offered and includes VAT and number plate costs. For more information, visit: <https://www.gov.uk/plug-in-car-van-grants>

This document is for guidance only and must be used in conjunction with a configuration tool prior to final specification decisions and vehicle quotations being prepared and accepted. List prices are quoted ex-factory unless otherwise stated. Delivery charges excluding VAT will be added to model prices quoted in this document. Prices based on standard finish paint choice. Mercedes-Benz Vans UK and authorised Dealers reserve the right to alter specification and vary prices without notice. The availability of options may depend on the chosen base vehicle and other optional equipment specified, and should be confirmed with your Mercedes-Benz Vans Dealer prior to order placement. VAT is calculated at the standard rate of 20%. Mercedes-Benz Vans UK Ltd, Tongwell, Milton Keynes MK15 8BA.

Mercedes-Benz Finance Options.

Choose an agreement that suits you with Mercedes-Benz Finance.

At Mercedes-Benz Finance we understand what it takes to run a modern-day business. Because of this, we have a number of finance options ready to suit your business needs.

Agility (Personal Contract Plan)

Agility (Personal Contract Plan) is our most flexible method of financing. You drive the vehicle over a fixed term, with fixed monthly payments. And at the end of the agreement, you decide whether you want to:

- Buy another Mercedes-Benz.
- Purchase your van by paying the Optional Purchase payment (balloon) and Option to Purchase Fee.
- Return it to us.

As a business customer, your vehicle can also appear as an asset on your balance sheet.

[For more information about Agility.](#)

Hire Purchase

A straightforward route to ownership. This product allows you to spread the overall cost of your Mercedes-Benz over a fixed term.

As a business customer, your vehicle can also appear as an asset on your balance sheet.

[For more information on Hire Purchase.](#)

Operating Lease

A solution for those who want to drive one of our vehicles over a specific term, with fixed monthly rentals and without the commitment of ownership of the vehicle.

As a business customer, your vehicle can also appear as an asset on your balance sheet.

[For more information on Operating Lease.](#)

Contract Hire

A solution for those who want to drive one of our vans over a specific term, with fixed monthly rentals and without the need to commit to ownership of the vehicle. This includes the cost of your Vehicle Excise Duty (also known as Road Fund Licence) for the duration of your agreement.

As a business customer, your vehicle can also appear as an asset on your balance sheet.

[For more information on Contract Hire.](#)

Finance Lease

Finance Lease gives you the ability to enjoy driving a Mercedes-Benz Van for a fixed time without the option of ownership. With this option you lease your vehicle for a fixed period and for fixed monthly rentals.

As a limited company or PLC customer, your vehicle can also appear as an asset on your balance sheet.

[For more information on Finance Lease.](#)

Charging Information.

Increasing efficiency and reducing downtime.

> The eVito can be charged by Direct Current (DC) or Alternating Current (AC).

AC is usually found at homes and workplaces and more cost effective for charging, however, generally requires longer intervals to fully charge. DC power can rapid-charge an electric vehicle using higher charging powers. For example, the eVito can accept 80kW of power.

- AC 11kW 0-100% in ~6.5 hours†
- DC 80kW 10-80% in just 35 minutes†.

> Managing range and battery performance.

The eVito uses a process called recuperation that recovers energy when the vehicle is decelerating to help recharge the vehicle's battery. There are 5 recuperation modes available, which can be adjusted via the steering-wheel paddles. The greater the recuperation level, the faster you decelerate and therefore, the more energy your vehicle will recover. An automatic mode is also fitted as standard, which uses the radar-sensor to intelligently select the best mode for a given driving situation.

- D-** This mode will enable you to get maximum range from your eVito. It has maximum recuperation and fastest deceleration. Due to the deceleration being so strong, your vehicle will automatically activate your brake lights when you lift off the accelerator.
- D** This mode has less recuperation than D- and has similar deceleration levels to a diesel Vito.
- D+/D++** This mode has significantly lower recuperation levels and therefore will decelerate at a slower rate than a diesel Vito. D++ is a coasting mode, meaning your vehicle will have no recuperation and can 'sail' for example when driving for long periods downhill.
- D^{AUTO}** This mode uses the radar-sensor to switch between the best mode for the situation and offers an easy solution for those who want maximum efficiency and highest comfort levels.

† Charging times are subject to the power available at the location where the vehicle will be charged as well as factors such as temperature, charge point and type of cable used.

^ Mercedes-Benz research analysed 1.6 million journeys anonymously on the EQ Ready app and 96% of all journeys recorded were shorter than 100km (62 miles).

Did you know the average van across the UK and Europe travels less than 62 miles[^] a day?

The Mercedes-Benz eVito

Mercedes-Benz Electric Vans and the Environment.

RETURN TO START

A key advantage of any battery electric vehicle (BEV) is its positive environmental impact, compared to an internal combustion (ICE) vehicle. Mercedes-Benz electric vans produce no tailpipe emissions.

See right for the Energy Efficiency Rating and emission standards compliance.

Ultra Low Emission Vehicle **ULEV**

ZEV ✓
Zero Tailpipe Emissions Vehicle **ZEV**

Air quality emission zone compliance

ULEV ✓
Clean Air Zones
(England and Wales) **CAZ**

ULEZ ✓
Ultra Low Emission Zone
(London) **ULEZ**

This vehicle(s) meets the emissions standard for private vans set by government under the Clean Air Zone (CAZ) framework for England and Wales currently in place until 2025. Stricter CAZ standards and restrictions could then apply. Some local authorities may also impose more stringent controls in certain areas. A ULEV meets the current government standard for an Ultra Low Emission Vehicle, stricter standards could apply in the future. See more about future CAZs [here](#).

Ambition 2039

A core element of our sustainable business strategy is Ambition 2039, with which we already set the course in 2019 for a holistic approach to climate protection and air pollution control.

The ambition is to make our entire fleet of new vehicles net carbon-neutral along the entire value chain and over the vehicles' entire life cycle by 2039 – from development to the supplier network, in-house production, electrification of products to renewable energies in the use phase of electric vehicles and recycling of the vehicles to close the loop.

The Mercedes-Benz eVito

The Mercedes-Benz App.

RETURN TO START

Monitor your van's status, location and security via your smartphone.

ASSISTANCE & AFTERCARE		FREE
Telediagnosics & Maintenance Management	Receive a notification when wear is detected on diagnostic-capable parts such as brake pads and get advance notice of when a service is due allowing you to plan your workshop visit well in advance to minimise any impact on your business.	
Remote Vehicle Diagnostics	Your Dealer can assess your van's condition remotely allowing them to check if any other repairs are required ahead of a service.	
Accident Recovery & Breakdown Management	Once an emergency call has been resolved or if you request breakdown assistance, further support is offered to help recover your van or to tow it to a Mercedes-Benz Service outlet.	
Software updates	Over-the-air software updates are sent directly to your van's head unit. This means you'll always know your software is up to date and you'll save time by avoiding additional workshop visits.	
VEHICLE SUPERVISION		FREE FOR 3 YEARS
Vehicle Tracker	See your van's location on the map in your app, making it easy to call or message your driver and re-route them to fit in another delivery or pick-up if a quicker route is available. The tracker is factory fitted equipment so it can't be easily removed if stolen.	
Parked Vehicle Locator	If you're within 1 mile of your van's parked location, the app can generate the most convenient walking route – very handy if you're in unfamiliar surroundings and on a busy schedule.	
REMOTE ACCESS		FREE FOR 3 YEARS
Remote Retrieval of Vehicle Status	Use your app to check on charge level, tyre pressure, mileage and trip information. Not only does this help you plan your day's journeys, it can save you admin time on tasks such as logging your mileage for expenses.	
Remote Door Locking & Unlocking	The app allows you to check if your van is locked. If you lock your keys in the van or need to give another driver access, you can do it via the app, from any distance away. For added peace of mind, you'll receive an email notification when your vehicle is unlocked.	
EV SERVICES		FREE
Pre-Entry Climate Control	Climate control can be started remotely when your van is charging so energy used for heating will draw on the mains power to avoid depleting your battery. This means you'll have maximum comfort and battery range.	
Display of Charging Stations & Range on map	The Mercedes-Benz App shows you charging stations in the surrounding area and enables you to set the preferred one as your destination. The range display in your app helps you plan a journey with confidence as it shows if you can reach your destination using your existing battery range.

The Mercedes-Benz eVito

20

RETURN TO START

All eVito models include an Integrated Service Package (ISP).

Integrated Service Package (ISP), helps to form an integral part of our commitment that the eVito is not only performing well but is safe to operate at all times.

Our ISP consists of four services: two A (minor) and two B (major) services as standard – and can be transferred to a new owner. All of our electric vehicles also come with out of charge cover and an 8 year/100,000 mile battery capacity warranty as standard.

Service24: Demand more

The most comprehensive Aftercare package – for businesses that demand more.

Our 120-strong Dealer network works around the clock to service and maintain your vans and keep your business moving. It all adds up to more value, more flexibility and more confidence that you'll only find at an authorised Mercedes-Benz Dealer.

› Flexible servicing and maintenance

Book your service online or by telephone, and as well as a standard 'drop and go' service with a courtesy van, you'll also get:

- Early bird, late night and weekend slots
- Mobile service
- Overnight service
- Collect & deliver service
- Express 1hr service
- Electric van service.

[Find out more about service and repairs](#)

› Flexible ways to pay and save

With fixed, transparent national pricing there are no surprises with our services and repairs – plus you can fix, spread and reduce your service and maintenance costs, and ease your cashflow at the same time, with a payment plan.

- Pay as You Go
- ServiceCare Maintenance
- ServiceCare Flex (specifically for fleets)
- ServiceCare Complete.

› 3-year unlimited mileage warranty

Available on every new van, all service and maintenance – and any work required – is covered by your 3-year unlimited mileage warranty, and is only undertaken by Mercedes-Benz trained technicians using Mercedes-Benz GenuineParts.

› 8 year/100,000 mile battery certificate

For peace of mind and reliable performance, the eVito's battery comes with an impressive 8 year/100,000 mile battery guarantee.

› Free breakdown cover & roadside assistance*

Every van comes with free Europe-wide breakdown cover – MobiloVan. And with 3 years' cover on new vehicles for driver mishaps, no one goes further to keep your business moving.

- Trained technicians using only Mercedes-Benz GenuineParts
- Out of charge cover for electric vehicles
- Forward travel of load and crew is covered
- Driver mishap cover for the first 3 years, including out of charge cover or empty fuel tanks.
